

Chapter membership

48 companies, 14 associations, 20 universities, 9 personal - total **91** members

General updates about our chapter

- new chairman elected, Mr. Siggie Wernik (previous chairman Dr. Rudolf Juli stepped down due to retirement)
Mr Wernik's motto: "buildingSMART not (only) for freaks, we need to identify and engage the real drivers"
- establishment of a standing committee "reform group" to define new tasks and priorities
- already: BIM guideline, BIM educational targets, and a database of BIM competence of member firms

Establish buildingSMART as the "center of competence for openBIM" on three levels

- political: buildingSMART e.V. to be the expert within the advisory board "openBIM for Germany"
- usage in projects: openBIM User Group events (3x / year) – increasing participation 100 to 200 people
- software applications: working/domain groups (currently MEP, QTO, FM, Structural), 1x bS software day

Priorities

- **BIM guidelines** → best practice, recommendations, guidelines [first BIM guideline in dev. for Bavaria]
- **BIM legal and contractual aspects** → contracts/roles/responsibilities/fees [first expertise for BMVBS]
- **Better quality and certification** → IFC2x3 Coordination View V2.0 Certification [new level of quality]
